

# CA PPM Education Agile Project Management

PPM EDUCATION COURSE DESCRIPTION

## ABSTRACT

These sessions will also be an opportunity for your organization to gain a basic understanding of Agile Project Management and utilize CA Agile Central and CA PPM to manage Agile projects.

The agenda is organized into a logical sequence of modules designed to create and manage Agile projects and integrate those projects with the overall Portfolio of projects and the PPM process.

## OBJECTIVES

This course enables CA PPM end users to utilize Agile Central and CA PPM to manage Agile projects and integrate them into the PPM process.

The objectives of this course are to:

- Introduce Best Practice level Agile Project Management using the Agile Central and CA PPM applications
- Provide the gateway to Building and Maintaining the Product Backlog
- Manage the flow of Agile work using the Kanban board
- Manage Agile Sprints using Agile Central
- Successful synchronize between Agile Central and CA PPM

## KEY TAKE AWAYS

The key benefits provided to you through this training course are:

- Provide a general introduction to Agile concepts and benefits of Agile Project Management
- Provide knowledge of how to use Agile Central to manage Agile projects
- Optimize the synchronization between Agile Central and CA PPM to enable Agile projects to be integrated into the overall PPM process
